Magsamen, *Your Brain on Art: How the
Arts Transform Us*.

ABOUT CONVERSATIONS

CONVERSATIONS is a panel discussion
series created during the Pandemic that will
bring together experts from various fields
of STEM (Science, Technology, Engineering,
and Mathematics) and the Arts to engage
in thought-provoking dialogues on the
intersection and collaboration between
these disciplines. The program seeks to
promote innovative thinking, inspire creativity,
and showcase the value of interdisciplinary
education and collaboration.
